Targeted Nutrition for Turf

5 L

A graphic in the bottom-left corner showing a blue corner peeling away to reveal a patch of green grass.

RANGE

Contains: 11.2% CaO +3.3% N +2.7% B

A calcium boron mix complexed with monoethanolamine. Adding boron with calcium improves uptake and translocation through the plant.

Super-concentrated form of calcium. Bullet Calcium is unique in that the calcium is chelated with carboxylic acids and is balanced with co-nutrients that ensure it enters actively growing cells where it is needed in large amounts. Use to improve cell wall strength, growth rates, and thus improve resistance to pests and turf diseases.

Not designed to amend pH.

Application:

Apply at a rate of 10 - 20 litres per hectare in 500 litres of water. Apply evenly, avoid overlapping or missing areas, using a suitable calibrated sprayer. If there is no rain within 2 days of application irrigate the treated area thoroughly. Do not apply in hot, dry weather or frosty conditions. Half fill the sprayer with clean water. Add concentrate as required and mix thoroughly whilst adding remaining water.

Ingredient	Oxide Value	Elemental Value
Total Nitrogen (N)		3.30%
Nitrate (N)		3.30%
Phosphorus Pentoxide (P ₂ O ₅)	0.00%	0.00% P
Potassium Oxide (K ₂ O)	0.00%	0.00% K
Calcium (CaO)	11.20%	8.00% Ca
Boron (B)		2.70% B
Specific Gravity	1.189	
pH	5.0-6.0	

Manufactured without the use of chlorides

Danger

May damage fertility. May damage the unborn child.

Causes serious eye damage.

Wear protective gloves / eye protection / face protection.

Do not handle until all safety precautions have been read and understood.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

IF exposed or concerned: Get medical advice/attention.

IF eye irritation persists: Get medical advice/attention.

Dispose of contents/container in accordance with local/regional/national/international regulations.

Restricted to professional users.

Product contains: Calcium diformate, disodium octaborate tetrahydrate
