Signed by: Wayne Moleod  
Signing time: Friday, November 11 2016, 14:52:5 GMT  
Location: GRD York  
Reason to sign: For the Health and Safety Executive

HSE Digital Signature

This and the attached Appendices 1 to 3 are signed by the Health and Safety Executive ("HSE") for and on behalf of the Secretary of State, the Welsh Ministers, the Scottish Ministers and the Department of Agriculture and Rural Development in Northern Ireland.

Date of issue 11 November 2016.

## **EXPLANATORY NOTES**

1. This product has been authorised in accordance with the Uniform Principles for product evaluation.
2. This is Authorisation Number 2899 of 2016 and replaces Notice(s) of Authorisation Number(s) 1319 of 2010, 1275 of 2011, 0810 of 2012, 1043 of 2014, 0826 of 2016 and 1993 of 2016 which will begin a staged withdrawal from the end of the month of issue of this notice.
3. This authorisation, other than Appendix 3, will be published on the website of the Chemicals Regulation Division of the HSE.
4. Application reference number COP 2016/00897.

## APPENDIX 1: CONDITIONS OF AUTHORISATION

Failure to comply with the following conditions will result in the withdrawal or amendment of the authorisation under Regulation (EC) No 1107/2009 and may result in other enforcement action, including prosecution.

### Placing on the market:

Packaging: The authorisation holder must only place this product on the market in the following containers:

- i) 1 to 10 litre fluorinated high density polyethylene container.
- ii) 1 to 10 litre fluorinated high density polyethylene / polyamide container.

Label: The authorisation holder must only sell and supply the product with the agreed label (Co. ref.: Draft label - Rescue - Feb 2010), which is the label submitted with the application on 3 February 2010 (HSE ref.: W001324884) and label amendments as specified in Annex A to HSE's letter dated 11 November 2016 and labelling requirements according to the Regulation on Classification, Labelling and Packaging of Substances and Mixtures (EC) No. 1272/2008 (see Appendix 3 of this authorisation).

### Classification:

Labels must comply with the Regulation (EC) 1272/2008. Based on the information held by HSE at the time of issue of this authorisation the classification requirements include:

<b>Hazard Class and Category</b>	
Aspiration hazard, hazard category 1	
Hazardous to the aquatic environment - Acute 1	
Reproductive toxicity, hazard category 1B	
Skin sensitisation, hazard category 1	

<b>Hazard Statement</b>	
H304	May be fatal if swallowed and enters airways
H317	May cause an allergic skin reaction
H360DF	May damage the unborn child. Suspected of damaging fertility
H411	Toxic to aquatic life with long lasting effects

Authorisation holders are reminded that they are responsible for ensuring that the classification complies with the Regulation (EC) No.1272/2008 and other information affecting the classification of the product.

**Use:**

Field of use: **ONLY AS A HERBICIDE**

User: Professional

Crops/situations:	Maximum individual dose: (l product / ha)	Maximum total dose:	Maximum number of treatments: (per year)	Latest time of application:
Amenity grassland, managed amenity turf	1.33 (see 'Other Specific restrictions')	-	2 (see 'Other Specific restrictions')	-

Operator protection:

- (1) Engineering control of operator exposure must be used where reasonably practicable in addition to the following personal protective equipment:

Operators must wear suitable protective clothing (coveralls) and suitable protective gloves when handling the concentrate.

- (2) However, engineering controls may replace personal protective equipment if a COSHH assessment shows that they provide an equal or higher standard of protection.

Other specific restrictions:

- (1) Application must only be made to bowling greens, golf greens, golf fairways (including tees), rough and semi-rough areas.
- (2) The maximum individual dose between October and April must be 1 l product/ha.
- (3) The maximum total dose must not exceed 2.33 litres product/ha/year.

## **APPENDIX 2: GENERAL CONDITIONS OF AUTHORISATION**

Failure to comply with the following conditions will result in the withdrawal or amendment of the authorisation under Regulation (EC) No 1107/2009 and may result in other enforcement action, including prosecution.

### **Label:**

The authorisation holder must follow the detailed requirements of all relevant Parts of 'The Labelling Handbook' available on HSE's website at [www.hse.gov.uk/pesticides](http://www.hse.gov.uk/pesticides). The authorisation holder must not make any amendments to the authorised label that are not consistent with the existing authorised use(s) and authorised label text.

Authorisation holders shall classify the product or update the label according to Regulation (EC) No.1272/2008 without undue delay following

- any change to the classification and labelling requirements required in the relevant legislation or;
- other information becoming available affecting the classification and labelling of the product.

In these cases HSE must be informed of the changes (refer to HSE's website at [www.hse.gov.uk/pesticides](http://www.hse.gov.uk/pesticides) for details).

### **Packaging:**

The authorisation holder must design and construct the packaging and fastenings to make sure they are strong and solid throughout so they will not come apart and will safely withstand normal handling; they can be repeatedly refastened and the contents cannot accidentally escape; the contents cannot attack either the packaging or the fastenings or form harmful or dangerous compounds with them and they are unlikely to attract children or arouse their curiosity.

### **Mixing:**

The authorisation holder must ensure that any plant protection or adjuvant product(s) recommended for mixing with this product are authorised or have an official List Entry for use in the UK (refer to HSE's website at [www.hse.gov.uk/pesticides](http://www.hse.gov.uk/pesticides) and 'The Pesticides Register Database' and 'Adjuvant Information Database'). The authorisation holder must ensure that any tank mix recommendations comprising this product and any other plant protection or adjuvant product(s) are supported by data as referenced in the compatibility assurance statement for this product.

### **Adverse effects:**

The authorisation holder must immediately notify the Secretary of State, the Scottish Ministers and the Department of Agriculture and Rural Development in Northern Ireland (care of the Health and Safety Executive), if they have any new information on the potentially adverse effects of the authorised product, or of residues of an active substance in that product when used in accordance with the conditions of this authorisation. For those products authorised under Regulation (EC) No 1107/2009 authorisation holders must also tell the other relevant competent authorities of the EC Member States (a list of which is available from the Health and Safety Executive) and the EC Commission. Failure to comply with this requirement is an offence.

**Provision of information:**

The authorisation holder must comply with all requests for information required by, or on behalf of, the Secretary of State, the Scottish Ministers or the Department of Agriculture and Rural Development in Northern Ireland in accordance with Regulation (EC) No 1107/2009.

### **APPENDIX 3: CONFIDENTIAL CONDITIONS OF AUTHORISATION**

This section is confidential to the authorisation / permit holder. Therefore, it is not available to those other than the data owner and has been removed.
