### 7 + 3 + 20 + 3% MgO

### Treats 400 – 571m<sup>2</sup>

Turf Food Bio 1 is an organic-mineral compound NPK fertiliser that contains composting bacteria to break down moss and organic matter into nutrient whilst feeding turf for up to 3 months.

Turf Food Bio is excellent for use as a conventional "K" (potassium) fertiliser on turf or as a "moss inhibitor" when applying in spring time or early summer. Contains 3% magnesium which gives produces an intense green colour. This fertiliser makes no stains on paths, concrete, or paving, unlike iron based moss treatments. Helps create healthier turf that is less sensitive to bad weather, stress and diseases.

### Application:

Apply throughout growing season – normally from April through to October.

### Spreader Settings:

Spreader	Application Rate	Single Pass	Double Pass	Spread Width
Accupro (cone 3)	35 g/ m <sup>2</sup>	U	O	4.0m
Ev-N-Spread 1950	35 g/ m <sup>2</sup>	20	12	2m
Accupro (cone 3)	150 g/ m <sup>2</sup>	n/a	Z	4.0m
Ev-N-Spread 1950	150 g/ m <sup>2</sup>	n/a	28	2m
